CURRICULUM.

The school offers the following subjects:

- 1) ENGLISH LANGUAGE
- 2) SHONA LANGUAGE
- 3) COMBINED SCIENCE
- 4) HISTORY
- 5) GEOGRAPHY
- 6) FAMILY AND RELIGIOUS STUDIES
- 7) AGRICULTURE
- 8) HERITAGE STUDIES
- 9) COMMERCE

CO-CURRICULAR ACTIVITIES.

The school is involved in co-curricular activities such as athletics during the first term, that is from January to end of March. Soccer, netball and volleyball are activities done during the second term that is from early May to end of July. During third term learners participate in different clubs such as chess, darts, drama and scripture union.

CHALLENGES.

- The school does not have enough power.
- The school has a garden which is not adequately financed to carry out full production.
- No science laboratory
- The school does not have a library
- Poultry projects lack funding.
- Learners travel long distances which limit their concentration span.
- High costs of data limit the school to fully utilize the available internet.

DONATIONS.

The school has received donations amounting to US\$ 2630.00 since February 2023. The school has been able to purchase two brush cutters, a printer, one solar panel, solar inverter, regulator, soccer balls and uniforms. The donations have helped the school in many different ways, the school has now functional wifi, functional printer. On behalf of the school I wish to thank all who contributed the donations.
